

Pontoon Guidelines (revised 1st Sept 2020).

The pontoon has been open since 16th May and is available to RCYC and Corinthian Otter members only.

Members are requested, as always, to stay within the government guidelines, maintain social distancing and be both considerate and conservative when engaging in boating activities.

All other club facilities are also open subject to certain restrictions. In particular, the showers are not open for regular use and should only be used when essential. The changing rooms, boat sheds, car park, dinghy park and boat yard remain open.

Revised procedures are in place to enable crane operation for launch, recover and cleaning.
